Organisers notes...

Despite every effort by myself and the field party to double peg all the targets my worst nightmare happened on target one ladies line. The pegs did not give way, the rope pulled out of the frame and down it went. There were a few archers who wanted the shoot stopped but Peter Morris disagreed as it was indeed a freak accident due to the flimsy target frame. The bosses, as most of you are probably aware are provided by Lilleshall so I will be seeking compensation for the arrows that we will replace.. It wouldn't be the Walsall Fita Star without a slight hiccup at presentation and this year was no exception. We do try to get the scores out quickly for the archers waiting for presentation which sometimes doesn't pay..

Anyway despite the above I hope you had a good weekend shooting and I look forward to seeing you all next year.

Thanks again to you all for supporting our shoot and to our sponsors "BowSports".
